### APPOINTMENT COURTESY

If you have made an appointment which you subsequently find you cannot keep, please give at least 24 hours notice so we can use this appointment for the benefit of another patient.

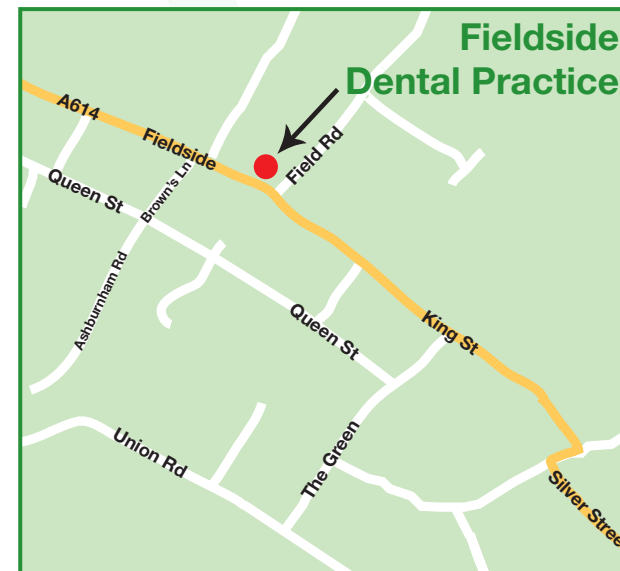

Missing appointments wastes NHS time and resources which are needed for other patients. We reserve the right not to offer further appointments to patients who miss their appointment without notice.

Our practice policy is that if, on more than one occasion, patients cancel with less than 24 hours notice or do not attend an appointment, then we will no longer be able to offer NHS treatment.

We will not be able to offer further appointments at the practice to those individuals who do not attend their first appointment.
